How to create and link an edu-ID account

Minimum requirements

- USI credential

Download and installation / Description / Instruction

1. Go to https://eduid.ch/web/registration/1/ to create a new SWITCH edu-ID account.

2. Enter your details and confirm the creation:
   - As email address, please enter a private email address (no institutional email), SWITCH edu-ID is a service that can also be used after the end of studies/teaching at the Università della Svizzera Italiana (USI).
   - Choose a secure password to your liking.
3. You will receive an email with the confirmation of creation to accept on the private email address you’ve entered.

4. Once you have confirmed the creation, log in to SWITCH edu-ID https://eduid.ch (with the data you have just chosen above)

5. Go to your profile page: at the bottom of the page, you will find the linked identities, here add the organizational identity Università della Svizzera italiana. To do this click on the 'Add organizational identity' or the + symbol
6. Select ‘Università della Svizzera Italiana’ and proceed

7. A new page will open. Press the “Member Login” button and enter your USI credentials, the same you use to access your email (e.g. username(at)teologialugano.ch or username(at)usi.ch) in the popup that appears and proceed by confirming

8. Go back to https://eduid.ch and accept the conditions to connect to the identity of Università della Svizzera italiana
9. The SWITCH edu-ID account is now linked to the Università della Svizzera italiana and can be used for the services indicated (e.g. the ReTe eLearning platform or iCorsi3)

Generating and connecting the SWITCH edu-ID

The connection with Switch edu-id has been completed successfully

You can access https://eduid.ch at any time to check and update your information. To log in with SWITCH edu-ID use the login you have just created with your private email and chosen password. If you wish, you can also add a second email to your profile (e.g. your institutional one)
